PATHWAYS

CIVIC UNDERSTANDING

Awareness of how public, private, and nonprofit entities work together to make a community function and shape our region.

RELATIONSHIP BUILDING

Providing participants with opportunities to go beyond networking, through a set of shared experiences in order to foster relationships outside of their current circle of influence.

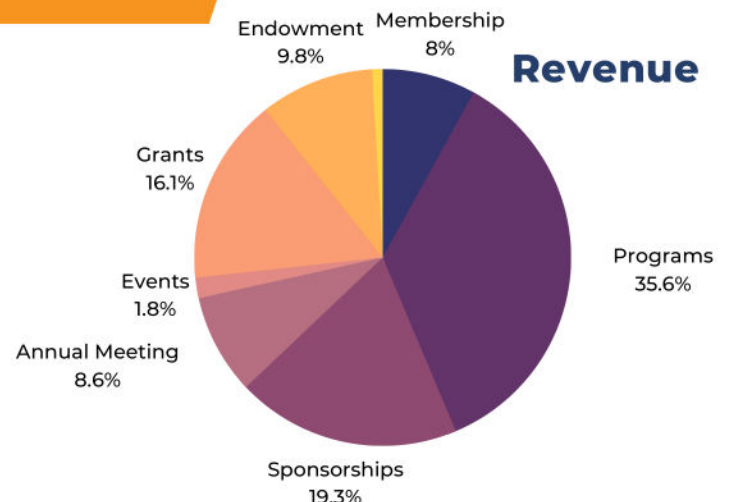

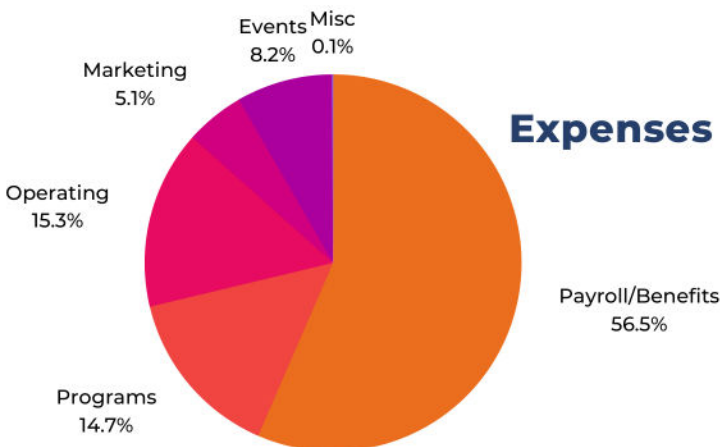

COLLABORATIVE LEADERSHIP

The ability to form organic partnerships across sectors with an increased ability and willingness to achieve a common goal beyond cultural, economic, political, and racial differences in order to achieve stronger/better outcomes.

CIVIC READINESS

Recognizing individual motivations for civic engagement and exploring the diverse opportunities that exist for civic participation.

NEXGEN

OUR IMPACT

As a part of our Impact project we partnered with Maria Wiltse at the Purdue Center for Regional Development to create an alumni survey and to interpret the data. We were also able to work with Purdue Seniors in a capstone project to create our Impact Dashboard* for our website. We hope that these collaborations will allow us to not only collect data on Leadership Southern Indiana's impact on the community, but also easily display it and share it with the public.

Please, scan the code to take our survey:

THE PEOPLE AS OF 10/11/23

We made a few changes to membership going into the 2023-2024 year. The first was to increase our standard membership dues to \$100. This allowed us to do a couple of things. First we are now able to dedicate 10% of ALL membership dues toward our program financial assistance. This is a change from just 10% of Legacy Club donations. Because of this we were able to contribute over \$4,000 to our program financial assistance, thus helping us insure will allow us to do is to create more alumni engagement opportunities including supporting the efforts of our Alumni Council.

greater diversity in all of our programs. The second thing the rate increase

I'm happy to say that membership renewals are up once again this year. We had a 74% renewal rate from last year to this year and added 50 new members. We have member representation from every single class year from our charter class (1982) to the DISCOVER 2024 class. We had 11 classes with a 20% or greater renewal rate and this year's "Official Best Class Ever" had a staggering 72% of the class renew their membership dues!

We still have a long way to go to achieve some of our long term goals. We have plans to create a member driven leadership lab 1 day class, more alumni engagement events like the Alumni Bash, and the ability to offer members the opportunity to facilitate their own content if they would like. How can you help? Sign up for reoccurring membership renewal via our website, and encourage your fellow classmates to renew as well. Membership is a great way to stay engaged with Leadership Southern Indiana and our community.

A group of people, including a woman and a man, are participating in a team-building exercise. They are leaning over a wooden structure, possibly a wall or a bridge, and are holding hands. The woman is wearing a blue t-shirt with the Leadership Southern Indiana logo. The man is also wearing a blue t-shirt. The background shows green trees, suggesting an outdoor setting.
