PATHWAYS

CIVIC UNDERSTANDING

Awareness of how public, private, and nonprofit entities work together to make a community function and shape our region.

RELATIONSHIP BUILDING

Providing participants with opportunities to go beyond networking, through a set of shared experiences in order to foster relationships outside of their current circle of influence.

COLLABORATIVE LEADERSHIP

The ability to form organic partnerships across sectors with an increased ability and willingness to achieve a common goal beyond cultural, economic, political, and racial differences in order to achieve stronger/better outcomes.

CIVIC READINESS

Recognizing individual motivations for civic engagement and exploring the diverse opportunities that exist for civic participation.

NEXGEN

The 2024 DISCOVER Class was another high "I" DISC assessment group which means there was never a dull moment with this group. We had a great year that included a trip to the state house for government day, an eventful SIMSOC day, and a lot of friendships and professional relationships formed. On Day 1 this class vowed to be the "Best Class Ever". Will they accomplish that feat? We will find out but I know that this class possesses a drive that could allow them to accomplish anything they work together on.

DISCOVER '24

NEXGEN '24

This was one of our biggest single NEXGEN classes to date. This class chose the kids at My Camp as their service and philanthropy projects. They raised several thousand dollars, including a \$1000 grant from the Scott County Community Foundation, to purchase toys for birthday parties at the camp. It was an absolute joy to spend the year with them and watch them grow into young leaders ready to embark on their post-high school lives.

The 2024 ELEVATE Class was such a pleasure to spend time with. They were open and willing to take in all the great information that was shared with them. Their favorite and best class days were Emotional Intelligence and Enneagram.

We are proud of all their hard work and connection to the topics that made it such a great year.

ELEVATE '24

ALUMNI EVENTS

Our Alumni Council was very active this year with our annual Alumni Bash, Annual River Clean up service project and even added classgiving nights to our list of engagement events. This year's Alumni Bash was held at the Magnolia and had alumni in attendance from as far back as the DISCOVER Class of 1999.

Our now annual river clean up was even more successful this year with over 500 lbs of trash removed from the Falls of the Ohio beds.

The Alumni Council also added quarterly classgiving events where we partner up with a local restaurant for a portion of that day's proceeds. We then split the proceeds from the entire year with Leadership Southern Indiana and a non-profit drawn randomly.

THE PEOPLE AS OF 10/15/24

I am very excited about the continued growth of our Membership. Although we are just a few Legacy Members shy of 100, **this is the largest Legacy Club we have had in the entire existence of Leadership Southern Indiana!**

Through membership, we will be able to once again contribute a little over \$4,000 to our scholarship fund; ensuring leaders from all industries and initiatives have the opportunity to grow and engage with their peers. Thank you to all of our members who continue their support year after year.

- Jesse Rasmussen
